Glorious Love

Love more deeply - heal
be wholesome community;
meditate the peace

Watch this moment through
surrender in all you do;
thank kindness so true

Go on path - begin
understand love's land within;
flow full heart today

Know a dreamless shore
see His faithful wakefulness;
bathe in love's glow

Ring heart's bell inside
provide peace of consciousness;
bring glorious love

Contentment Every Day

Watch His blissful play
flow contentment every day;
delight within all

Grow alive - heart-be
sing always consciousness - see;
search rainbows aglow

Let go of worry
listen and hear - have no fear;
bring all the love, dear

Unbind from your mind
live compassionately - free;
open eyes and see

Hear most happy song
blossom cosmic twinkling;
bloom heavenly stars

Love one another
know that there is no other;
imbibe the love-tribe
